

# ProSeries 60" SweepPro

SEE IT IN ACTION

## Rotary Broom Highlights

- ▶ Direct hydraulic broom drive eliminates high maintenance chains, sprockets, shafts and bearings increasing uptime and decreasing maintenance costs.
- ▶ “Virtual” pivot centers broom to loader centerline, reducing “Christmas tree” wear pattern commonly encountered with traditional pivot brooms, significantly extending the life of the broom.
- ▶ Bi-directional broom rotation, no additional valving, wiring harnesses or hydraulic hoses required. 0 to 288 RPM forward or reverse.
- ▶ Innovative parking stands pivot up and behind broom during operation to protect them from damage while the broom is in use.
- ▶ Close-coupled to the SwingSteer™ for excellent visibility and control reducing damage to adjacent buildings, doors, vehicles, etc.

## Specifications

Low profile universal quick attach	Standard
Overall width	67.5" (1714 mm)
Height	25" (635 mm)
Length with low profile quick attach	52.8" (1341 mm)
Brush width	60" (1524 mm)
Brush diameter	24" (609 mm)
Working width at 25 degrees	54.4" (1381 mm)
Weight with quick attach	610 lbs (276.7 kg)
Hydraulic angling via joystick switch	25 degrees left and right
Virtual center angling	Always stays on center line of SwingSteer™
Direct hydraulic drive, over pressure protection	No gears, belts, chains
Speed of brush	0 - 288 RPM
Brush rotational direction	Infinitely variable forward and reverse
Storage stands	Rear mounted retractable

## ProSeries Standard Features

- ▶ Low profile universal quick attach
- ▶ "Contractor Grade"
  - High strength materials throughout
- ▶ Robust construction
- ▶ Hydraulic hoses, couplers and electrical harnesses are included
